Pink Dolphin Expenses Submitted

Dear Sarah:

After review of the expenses as submitted to the City of Los Angeles Parks and Recreation Department by Pink Dolphin, I took note that the expenses are not as itemized as I would have anticipated. As well, expenses incurred such as PR that were submitted for a firm he engaged were not expenses that were discussed to date-my expectation was for hard and documented costs related to those incurred directly due to the construction of the wall and basketball court. I have advised Neima of the same after I reviewed his submissions and am now sharing this opinion with you. In the end, I will only work to be party to solutions that are fair to all parties, including that of the City and its departments and welcome your thoughts as to what constitutes appropriate reimbursable expenses.

As a matter of transparency, I wished to clarify my position as although I and others may have strong convictions over the Runyon Canyon matter, the support of PD should not be misconstrued as a willingness to support any and all positions as I wish only fairness in all manner of discussions and want the best outcomes that reflect good public policy.

I look forward to speaking as time permits this week.

Best,

Dwayne
